STEP UP TO A STRONGER DECK

BAD BOY
2 YEAR / 200 HOUR
WARRANTY

If you want a super-strong, zero-turn mower, step up to the all-new Revolt SD. With a deck made from 7-gauge American steel, and equipped with a 9.5mm leading edge for additional strength, this is the heaviest-built deck in its class.

It even has a deeper 115mm shell for maximum discharge, airflow and cut quality. Need to adjust the height? Use the new side-mount deck lift to adjust cut height in seconds. Plus, patented Dual Deck Support Isolators, paired with deck wear pads, minimise damage from any side impact. Bad Boy Revolt SD is the stand-on residential mower deck that delivers.

Don't believe us? Just take a step up on the deck.

UNBELIEVABLY SMOOTH

Everything about the Revolt SD is smooth, comfortable and easy to use. It starts with our patented, full suspension operator platform that gives you a smoother ride with less fatigue and maximum comfort. It's mounted on an inset I-Beam front rail and features 9.5mm steel front forks and 82.55mm trail for smooth directional changes.

But there's more. A one-touch, hand-operated cut height control makes on-the-fly adjustments quick and easy. And the quick remove operator pad makes it unbelievably easy to access components for routine maintenance and easy cleaning.

34" DECK

ENGINE
